

Balanced Value

The Dental Care Plus Group (DCPG) offers the Balanced Value (BV) network as an affordable, narrow network option available with the PPO product.

Although it's a narrow network, provider participation in the BV is substantial. In fact, 60 percent of the providers currently participating in the Dental Care Plus (HMO) network also participate in the BV network.

Additionally, the composition of the Balanced Value network – in terms of the percentage makeup by specialist – is on par with other DCPG network offerings in the original eight-county service area.*

The Balanced Value is available to employers sited in Hamilton, Clermont, Butler, Warren, Clinton, Brown, Preble, Montgomery, Greene, Miami, Darke and Clark counties in Ohio.

Find a Dentist

Members can use DCPG's online search to find an in-network dentist. It's as simple as visiting fad.dentalcareplus.com, selecting Balanced Value, then searching by ZIP code, specialty or last name.
