

ANSLink is now SecureTrack

Currently Use ANSLink?

Starting **November 19th**, the ANSLink website will be upgraded to SecureTrack.

How does this affect you?

There will be a new look, but you still have access to the same functionality you experienced with ANSLink. You will still be able to access member eligibility, submit claims and submit prior authorizations using the same user id and password you had with ANSLink.

New to ANSLink/SecureTrack?

SecureTrack provides HIPAA-compliant transactions and is easy to access through the web. There's no special software needed and no cost to use it; simply click on the link through the DCPG website to get started. (see footer)

How to get started

1. Click the SecureTrack link through DCPG's website (see footer)
2. Click New Office
3. Begin the self-registration process

SecureTrack self-registration process

You must self-register for an account with your tax identification number or Social Security number and office ZIP code. SecureTrack will guide you through the registration process. A user ID and password are automatically assigned once you have completed the online registration process. Only one ID and password is needed for a particular TIN. All users at your practice will sign in under the same user ID and password.

SecureTrack provides online access to

Member Eligibility

Verify a member's eligibility with minimal information such as name and date of birth. We recommend you use the member's identification number.

Claim Submission

Submit claims for free with no special hardware or software. You only need a computer and a connection to the Internet.

Claim History

View claims submitted through SecureTrack for up to 90 days.
