PLUS GROUP**
The plus is service.

Bridging the Gap with Nationwide Access and High Touch Service

With a combined network of more than 220,000 access points, The Dental Care Plus Group (DCPG) will meet the network access needs of our customers — whether locally, regionally or nationally.

Employers sited in Ohio, Kentucky and Indiana can purchase a plan from DCPG knowing their employees will have access to dentists nationwide.

With DCPG, access to a nationwide network comes with a high touch customer service experience. When you call during business hours, (Monday - Friday, 8:00 am - 4:30 pm, EST) a person, not a recording, will answer the phone. This means no lengthy waits, no endless phone queues and no automated voice menus.

A provider network of more than 220,000 access points across the nation are available to groups sited in these three states.

You don't have to sacrifice service for a nationwide network.
