

# COAST-TO-COAST NETWORK ACCESS

The Dental Care  
PLUS GROUP  
A DentaQuest Company

The Dental Care Plus Group's (DCPG) growing provider networks mean more viable plan design options for employers and increased access for their enrollees. We coordinate with our customers to offer a dental benefit plan to meet their network access needs — locally, regionally or nationally.

## Growing Provider Networks

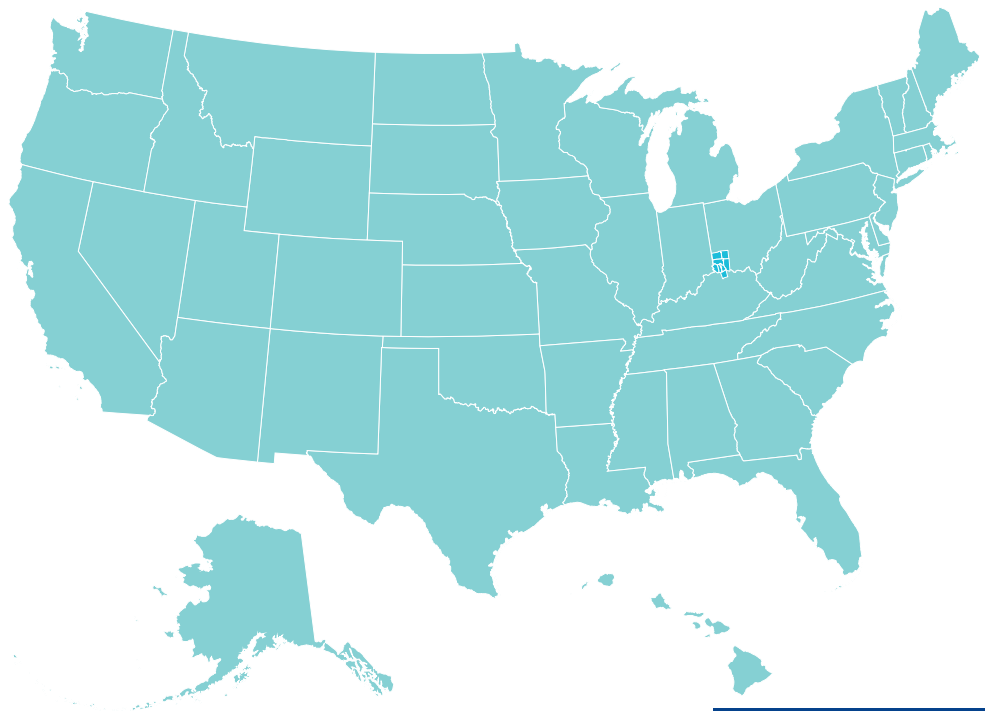

Our dental plans are available to groups sited in Ohio, Kentucky, Indiana and Tennessee. For multi-sited groups, DCPG's PPO plans offer a nationwide network giving members access to over 560,000 PPO provider access points.

## Nationwide Access

As DCPG continues to expand, we remain committed to growing our provider networks, ensuring more options for members. And, our national network access numbers continue to grow. We patiently recruit dentists to join our networks through consistent communication and follow-up.

## Find a Dentist

Members can use our online tool to search for an in-network dentist by ZIP code, specialty or last name. It's as simple as visiting [dentalcareplus.com](https://www.dentalcareplus.com) then selecting the appropriate plan listed on the Member ID card.

## FOR MORE INFORMATION,

 call your DCPG sales representative
